T-MEDIA Resources: TECHNICAL INFORMATION

The T-MEDIA resources run on Apple Macintosh or Windows computers. System software required is Mac OSX v.10.1.x or above, or Windows 98 or above.

Adobe Flash Player must be installed (free download from http://www.adobe.com/go/getflashplayer).

A recent Internet browser (e.g. Firefox, Safari or Internet Explorer) is also needed. To access some of the content you may need to set your browser to allow pop-ups.

For a full list of technical requirements for Adobe Flash Player please visit http://www.adobe.com/products/flashplayer/productinfo/systemreqs/.

Note: If you find the resource freezes after using it for a while, please click Refresh in your browser to restore it.
